Introducing Batesville Urns & Keepsakes

New! Cooper Collection

Inspired by popular home décor, these handcrafted brass masterpieces give a contemporary flair to your offering.

New! Portrait Urns

For nearly a century, Howard Miller® has been known for creating tasteful home décor. These new Batesville® exclusive portrait urn designs provide an elevated look and allow families to showcase a special photo(s) of their loved one.

New! Cultured Marble

Cultured marble urns have become a staple in our industry for their versatility, especially for families selecting burial for final placement. Now, Batesville has added 4 new color options, bringing the total collection to 10 popular color choices.

New! Companion Cultured Marble

In addition to an expanded palette of single capacity offerings, Batesville has added 3 new companion colors, bringing the total collection to 5 companion color choices.

New! Eco Water Urn

Contained in a sustainable bamboo carrying case, this the Eco Water urn is another great biodegradable option optimized for scattering at sea.

New! Journey Earthurns®

In beautiful modern designs, Journey Earthurns® are the perfect addition to our lineup of biodegradable products.

New! Eco Scattering Collection

Crafted in beautiful bamboo in 3 sizes, the Eco Scattering collection allows the entire family to be involved in ceremonial scattering.
